

Telstra Cost Guide

The customer is also responsible for any fees and charges incurred from Telstra. A guide for connections costs are as follows:

No phone has previously been in the house	Connection cost \$209
Phone has been installed in the house a long time ago, and Telstra needs to come out to the site to install phone	Connection cost \$129
Phone has been installed recently, and no technician needs to come and install	Connection Cost \$59

Applying for a new InContact Service

The **iConnect** project worked with Telstra to establish many new **InContact** services (no monthly billing, uses pre-paid cards). **iConnect** has been a pilot project and unable to process new applications since August 30th 2004. If you wish to establish a new **InContact** service you will need to call Telstra on **1800 444 403**. **PYMedia iConnect** project can no longer process new applications for **InContact** service

*This information kit has been brought to you by the PY Media iConnect project.
